FOR IMMEDIATE RELEASE

Morphix Technologies' Newest Product, the TraceX® Explosives Kit, Available through the National Stock System.

TraceX® Explosives Kit Now Even Easier to Purchase

VIRGINIA BEACH, VA (November 2013) – [Morphix Technologies®](http://www.morphotec.com), an innovator in the science of detection devices for dangerous chemicals, is pleased to announce its new solution in the detection of Home Made Explosives (HMEs) and precursors, the [TraceX® Explosives Kit](#), has received a National Stock Number (6665-01-623-0153). The National Stock Number was issued by NAVSUP Weapon Systems Support allowing the TraceX® Explosives Kit to be purchased by all U.S. Government military and federal agencies under approved acquisition systems.

The new, affordable and easy-to-use product aids in detecting the major explosive material threats and their precursors in a single test without exposing the user or kit to contamination or dangerous chemicals. The TraceX® Explosives Kit was developed by Morphix Technologies® under contract from the U.S. Department of Defense and meets their demanding requirements. It is small enough to fit into a cargo pocket, lightweight and rugged. Each kit comes in its own disposable protective plastic case, so the handler will be ready to use it when needed. With a single swab, the TraceX® Explosives Kit detects all the major families of explosive materials and their precursors.

If you'd like to receive more information on The TraceX® Explosives Kit and how it can aid in detection of common explosive materials, please contact Morphix Technologies® toll free at 800-808-2234 or locally at 757-431-2260.

About Morphix Technologies®:

Morphix Technologies®, located in Virginia Beach, Virginia, is an ISO 9001:2008 certified company creating and manufacturing products that detect invisible dangers in order to save lives. Morphix Technologies has taken innovation to the next level with high-quality, easy-to-use, cost effective and simple colorimetric sensor technology for military, first responders, emergency, homeland security and industrial personnel. The latest product, the *Chameleon®*, a wearable device that allows hands-free detection of up to ten different hazards at one time in a variety of operating environments, has provided their customers whose job is often in harm's way, a lifesaving, early response system like no other on the market today. www.morphotec.com
